

Activities

November 13th: General Members Meeting

A lot of important things were discussed during this GMM, for example the privacy policy. Steven Heesterman, Mirabel Vlaming and Rosan Halsema were replaced by Esther van der Laan, Floor Hermans and Lotte Braat.

November 13th: Constitution drink

The board change had to be celebrated and a lot of alcoholic refreshments were consumed. The next morning when everything got clearly again, I realized what an amazing evening it has been.

November 15th: Chair group drink "Tira-me-you"

The first chair group drink for the new board members. We enjoyed not only some nice beers, but also Tiramisu. Which was very tasteful.

November 15th: Super Stratego extreme in real life

The same evening the AkCie organised Real Stratego on the campus. It was an evening full of attacking and defending, which kept us warm on this cold evening. I would like to thank Nathalie Rombeek, Tom Brouwers, Alba Mols, Gijs Roosen and Duve Ribberink for their effort.

November 16th: LexCie lunch lecture HydroLogic

The LexCie organised an interesting lunch lecture. This time our sponsor Hydrologic was invited to speak about what they do in general, but also how it's to work there. The lecturer gave a good inside in the company. I would like to thank Floor Hermans, Diede in 't Veld, Luuk Bersee, Yde Jansen, Joris Beemster, Charlotte Veassen, Ingeborg Verkleij, Veerle Beijer and myself for their effort.

November 20th: Traineeship Roadshow

Gijs Eijgenraam together with Nji Sri organised this interactive evening with National Water Traineeship. First they told us something about what kind of programs they have and after that they gave an inside of those programs by a small case problem. Very nice to see all the difference between groups, how they solve problems. I think we could learn a lot of the evening and also have fun at the same time.

November 21th: MeeloopdagCie orientation day

The second orientation day of the academic year took place, organised by the MeeloopdagCie. Prospective students from all over the Netherlands came to Wageningen to get an impression of our lovely study Soil, Water, Atmosphere. I would like to thank Jonna van den Berg, Joep Bosdijk, Ruben Koppius, Floor Hermans, Isabel Kuin, Bas van Splunter, Vera Buis and Teun van de Putte for their efforts.

November 23rd: Lunch lecture by Klaas Metselaar

The three environmental studies, which switched to English, organised a lunch lecture. Klaas Metselaar, the one and only, told about climate proof cities with the focus on water. It was really nice to see that so many people were interested in this subject and maybe also in the free lunch. However, I have to thank the officers of internal contacts for organising this event.

November 24th: Environmental Sciences Excursion to the Grebbedijk

On a cold Saturday we had an interesting excursion about the Grebbedijk and the surroundings. We looked to different aspects and learned a lot about how they worked out a plan for this dike. At the end we had a nice cup of chocolate milk at the Zaaier.

November 27th: Grilled cheese sandwich lunch

The Pyrus board organized the traditional lunch, so that the Pyrus members could meet the new board. A lot of people joined this lunch and I hope that the grilled cheese sandwiches were delicious.

November 27th: TransPyratCie Squash tournament

A sportif activity after a lot of cozy activities, is what we needed. Therefore the TranspyratCie organised a tournament which was the perfect moment to play against your fellow students with squash. There were three groups where everybody could play against players with almost the same level of squash. I would like to thank Rikke Stoffels, Joep Bosdijk, Tim van Rooijen, Ruben Peters, Peter Westerman, Luuk Bersee, Manouk Geurts and Vivien Vos for their effort.

November 30th: Lunch lecture Deltares

In the lunch we had an interesting lecture organised by the LexCie about Deltares and about what it means to work at Deltares. Before this lecture began we had the chance to get a delicious lunch.

December 4th: CIA (Carrière informatie avond)

Also this year we had a Career Information Evening organised by the CIA. During this evening, there were three rounds of lectures. In each lecture you could hear an old SWA'ers tell something about what they did for specialization and the work they are doing now. For organising this evening, I would like to thank Kim Faassen, Iris Verstappen, Judith Boekee, Jip Koster and Eline Hack.

December 5th: Sinterklaas activity

It was the last activity of the IntroductCie of 2017/2018 and that on "pakjesavond". During this evening we were playing games to win some gifts. Not only first year students, but all members were welcome. It was a very nice evening with enough "pepernoten" and other candy.

January 8th: PRub-quiz

The first activity of the year and directly a good one. Due to playing nice games and a funny quiz we got to know more about our many sponsors. It was an interesting and funny evening. I would like to thank Mirabel Vlaming, Lotte Braat, Steven Heesterman, Luuk Bersee, Ruben Peters, Ruben Koppius and Gijs Eijgenraam for their effort. Not only for organising this event but also for keeping in contact with our sponsors.

January 9th: FoodCie BBB

The FoodCie organised a drink at Annie's pub with different kind of snacks, from nachos to fried snacks, they were all delicious. There were also some nice games to play, like table football and beerpong. The drink like a Pyrus new year's drink. Therefore I would like to thank Dylan Koster, Jeroen van der Valk, Daan Kivits, Leander de Wit, Rikke Stoffels, Marthe Wassink, Devin Beck and Lotte Braat for their effort.

January 15th: Environmental Sciences Winter BBQ

"The cold never bothers me any way" was the slogan of this activity of the environmental science group and that was needed! It was a very cold evening, but with the BBQ as heater we were able to survive for 3 hours outside. Besides the cold it was a very cozy and a good moment to get to know other students of different studies.

January 16th: LexCie GIS/MAQ evening lecture

At H41 the LexCie organised a lecture about a topic of GIS and MAQ. Unfortunately the GIS lecture was cancelled, but the MAQ lecture was quite interesting. Folkert Boersma talked about remote sensing and how he worked with it.

January 17th: TransPyratCie Pub Sports Night

This evening we spent playing pub games. Like darts, pool and all kind of board games. Besides the competitive elements of playing games, we had a nice evening with lots of chatting.

January 21st: MeeloopdagCie orientation day

The third orientation day of the academic year took place, organised by the MeeloopdagCie. Prospective students from all over the Netherlands came to Wageningen to get an impression of our lovely study Soil, Water, Atmosphere.

January 23th: AkCie Disco drink evening

During this drink it was time to swing your hips around and to get your feeds of the ground. While your singing along with the greatest disco hits. In sort a drink which almost became an extensive activity due to all the dancing. Therefore I would like to thank the AkCie, which organised it.

January 24th: Chair group drink with the three meter

It was time for the chair group drink of the third and fourth period. The board showed the gift they received during the General Members Meeting in November of the friettuurders. Which was the three meter, but now full with beer. The drink was very good attend by students as well as by teachers. And fortunately due to the snow outside the beer was a little bit colder than normally.

February 19th: AkCie Game Night

As first activity of period four the AkCie organised a game evening. We played one funny game which was a lot of fun.

February 22nd: LexCie Lunch lecture Vitens

It was time for a new lunch lecture, now about one of our sponsors, Vitens. It was interesting what they told about how our water is made safety to drink and how they do supply each day a big amount of water to the households in the Netherlands.

February 26th: ExcursCie location announcement

This year the excursion aboard is again organised. During this evening the ExcursCie announced which countries we would go to and give an overview of what we were going to do on the excursion. Many members got every enthusiastic about the excursion and subscribed immediately.

February 27th: Cheese fondue

Traditionally the board organised the cheese fondue. For us it was a really nice event to organise and a cheesy evening. I would like to thank the AkCie for helping us with the cooking and everyone for coming and making it a successful cheese fondue.

March 5th: FoodCie lunch "Stick it!"

The FoodCie organised a tasteful lunch. During the lunch we could eat as much as we could by sticking our food on skewers. Besides this all, you could even have a nice chat with each other!

March 6th: AkCie Beer on the beachcantus

A nice traditional activity was organised by the AkCie. It was a good beer cantus with crazy punishments, songs which we song along and of course plenty of beer.

March 8th: Pyrus Ice Skating Experience

The IntegratCie organised a ice skating event. There were a lot of master students who went ice skating. So in the end it was a nice cold ice skating evening. Therefore I would like to thank Rosan Halsema and Joris Beemster for organising it.

March 19th: Theme and Program announcement 6th Lustrum

During this evening the theme of the 6th Lustrum was announced, namely the 'Battle of the elements', as we now all know. Moreover the LustrumCie gave an impression of the kind of activities what where going to be organised. In short a nice evening, which made me really looking forward to the activities.

March 21st: De GAME

The Great Active Members Evening, organised by our lovely Officer of Internal Contacts Lotte. This traditional activity is organised to thanks all active members for being active for Pyrus and organising a those really fiery activities.

March 26th: General Members Meeting

A lot of important things were discussed during this GMM, for example the statutes changes. Bart

Vlemmix, Gijs Eijgenraam and Maaïke de Boer were replaced by Ruben van Baare, Ruben Peters and Andrea Kees.

March 26th: Constitution drink

The board change had to be celebrated and a lot of alcoholic refreshments were consumed. The next morning when everything got clearly again, I realized what an amazing evening it has been.

March 28th: Evening Lecture about soil

The LexCie organised an evening lecture where Marcel Hoosbeek and Jasper Candel talked about their research. The main subject was soil, but even though both speakers are soil researchers they showed that there is always a link to water or atmosphere.

March 30th: Sibling day

As every two years, the sibling day is organised by the BroerZusCie. A day full of activities for brothers and sisters, to get to know what their sibling is doing in Wageningen. So we did some soil drilling and we went into the Forum pond with John Beijer. To learn something about the fauna and water quality. I would like to thank Josien Rompelberg, Jonna van den Berg, Ida Haven, Manouk Geurts and Vivien Vos for their effort.

April 2nd: AkCie Laser Tag

Due to a bachelor graduation the board was not be able to be present. Nevertheless I heard from others that it was a lot of fun!

April 3rd: MeeloopdagCie orientation day

The fourth orientation day of the year took place, organised by the MeeloopdagCie. Prospective students from all over the Netherlands came to Wageningen to get an impression of our lovely study Soil, Water, Atmosphere.

April 3rd: ES roller disco

The ESS organised an evening away to Utrecht for a roller disco. From our point of view it was an successful activity. Not only because there were a lot of people, but also because the evening went very well. There were students from all the different study associations and this in combination with some nice disco tunes made it a nice evening. The upcoming year there is more money available so except more activities like this from the ESS!

April 9th: Grilled Cheese Sandwich Lunch

The Pyrus board organized the traditional lunch, so that the Pyrus members could meet the new board. A lot of people joined this lunch and I hope that the grilled cheese sandwiches were delicious.

April 10th: FoodCie Wokdiner

Good food is always important and luckily we have the FoodCie who organise activities with good food. Also during this evening, with very delicious wok dishes. Especially the dessert was very tasteful, it was sesame ice cream.

April 16th: Environmental Sciences Company Day

Every two years, the Environmental Sciences Company Day is organised. In the morning you could go to workshops from different companies. In the lunch, there was a marked where you could meet all the companies. Thanks to all Officers of External Contacts of all the environmental study associations for organising this.

April 16th: TransPyratCie Ultimate Football Evening

For all sportive and football loving pyrus members, the TransPyratCie organised the ultimate evening. First playing some football with each other and after that a free meal. During this meal we all watched the Champions league match of Ajax. The TransPyratCie of course arranged that Ajax won the match.

April 17th: AkCie cold buffet

Pyrus members love food so the AkCie cold buffet, which is a nice tradition, was a great success! There were also some teachers which is always nice, because you can have an interesting talk with them or just to get to know them better.

April 18th: Chair group drink GOAT

The next day we had a drink, with also some food! During our chair group drink there was also a baking contest organised by the FoodCie in the theme GOAT. The theme of the month April. The cakes were very delicious. Furthermore there was also a real goat present. Arranged by Bart Vlemmix. This made this chair group drink different than others.

April 23rd: IntegratCie Karaoke

This time Diede and Jip have taken a seat in the IntegratCie. they organised a karaoke evening, so that everybody could show of their singing skills. Besides some ear damage, I really enjoyed the evening and I think everyone else too. I would like to thank Diede in 't Veld and Jip Koster for their effort.

May 11th -12th: Batavierenrace

A tradition for all running flames of Pyrus. As team "lopende vuurtje" we made it to 61^{ste} place, which I think is a great performance. Besides the sportive performance, we did also great performance in celebrating our 61st place. Which made the way back to Wageningen little bit less fiery.

May 13th: FoodCie BBQ

The days became warmer, so it was time for a BQQ. Therefore we have the FoodCie and also to make delicious salads. The meat or veggies were brought by ourselves and so it was good BQQ. Besides the food, I also really enjoyed the atmosphere. That are the best summer evenings.

May 14th: LexCie lunch lecture Huisman Traject

Huisman Traject, one of our sponsors, gave a presentation about what they do as company. It became clear that it is a very small company, but that the work they do is complementary with what we learn in our beloved study, only a little bit more technical.

May 14th: TransPyratCie's good old physical education class

As students we don't have very much exercises anymore, as we had in high school or even primary school. To get a recap of this the TransPyratCie organised old school gymmen. We did the game "the floor is lava" and also soccer, basketball and other ball sports which switch after a point was scored by one of the two teams.

May 15th: ExcursCie acquaintance evening

In about two months the Pyrus excursion would take place and therefore we had to get to know each other better. So we played some games and the ExcursCie really hyped us for the coming excursion.

May 16th: Chair group drink "Bye Bye Beijer"

There is a time of coming and going and unfortunately for us, it's a time for going for John Beijer. I think we know him all as a very passionate teacher and lovely person. He was also available for sibling days or other activities. Therefore we organised a goodbye for John during our chair group drink.

May 17th: LexCie lunch lecture by John Beijer

In the same theme, the LexCie organised the last lecture with John Beijer. During this lecture he told about what he did and is still doing besides the WUR. From Indonesia to Kenia, he always did really nice work, with the purpose to make earth a better place to live.

May 18th: OuderdagCie Parents day

Parents are always curious about what their son or daughter is studying. Therefore, the OuderdagCie

organises a parent day every year. On this day we showed the parents around the university and organised some lectures about soil, water and atmosphere. I would like to thank Marit Schapendonk, Isa den Ouden, Jelmer Visser and Leander de Wit for their effort.

June 3rd: AkCie “To peddel or not to Peddel”

The AkCie took everybody out of Wageningen and through the canals of Utrecht. This was a very fun activity with a lot of splashing of water with the paddles. So we had some cite seeing and a lot of fun at the same time!

June 4th: LexCie lunch lecture Eco-Job

It almost a tradition the Eco-job lunch lecture. Eco-job is one of our sponsors, who are specialist in finding jobs in the environmental sector. They gave some interesting information about making a perfect CV and LinkedIn page. Of course the LexCie arranged a free lunch, which made the lecture even better.

June 11th: ES “End of the year party”

The last party of the year, organised by the ESS. With the slogan “get rid of your stress with this stress pong mess”. We played a lot of stress pong in the Bunker. In the end it was very nice party with nice music and students from all environmental science studies.

June 13th: AkCie Pubcrawl

Now we end up by last activity of the AkCie this year. And what kind of activity?! Again we went to Utrecht, but nw for a pubcrawl. We started in a shotjes-bar with many fiery shots. So it was a good beginning of really nice night. Within each pub a free drink, the night became more and more fiery. We did some nice dancing in club Puma, ate some kebab, did some last dancing moves in another bars and then went home in a bus where everybody was played out.

June 15th – June 16th: LexCie lakprofielenweekend

The “Lakprofielenweekend” is a yearly tradition based on the famous techniques of Gert Peek. This year a group of students joined the weekend to get a nice lakprofiel for their own room.

June 17th: WeekendCie Bouldering in Arnhem

Unfortunately this year there were not enough participants for the Pyrus weekend. Fortunately there was still budget for an activity, so the WeekendCie organised a really nice evening of boulderen in Arnhem. With a group of some sportive pyrus members we tried to climb the walls, some succeeded other failed. I think the muscle pain made us remember this nice activity for a long time. I would like to thank Daan Kivits, Tim van Rooijen, Isabel Kuin, Vera ten Bruggecate and Sandra Akkermans for their effort.

July 7th – 21th: Excursion aboard 2019

Two weeks long we drove around in Austria, Croatia and Slovenia. We saw many beautiful things, from cities to nature. We did all kind of activities, such as walking to the top of Tirol, mountain biking or going to the ZOO in Innsbruck. In short I can say, that it was a really nice excursion. I think many of us, enjoyed it! Therefore I would like to thank Henry Rommelse, Sanne van de Veen, Nathalie Rombeek, Joris Beemster, Hugo Beekelaar and Rosan Halsema for their effort.

August 19th: AID Bachelor Study day

The Annual Introduction Days are for every new student the start of their student life. During the BSc study day organised by the IntroductCie the students get their first insights in Soil, Water, Atmosphere and of course Pyrus! The day was a great success and a lot of first year students are really enthusiastic about Pyrus.

August 21st: Master study day

The MSc study day was organised by the Pyrus board. This was the opportunity to let the new master

students get to know Pyrus. During the day we did a nice quiz about Wageningen and Pyrus and we of course did some soil drilling.

September 3th: LexCie summer lecture by Wout Peters

The first activity of the year and directly a good one. With a big audience Wout Peters told about the Amazon and the fires which were very actual in the summer holidays.

September 9th: IntroductCie first years BBQ

After the AID study day, where first years met each other for the first time, it was time for the second meeting with the first years. After the BBQ was lit we could all prepare our meat or veggie burger. It was a nice evening where different committees did promote their activities.

September 10th: Theme announcement Soil Drilling Championship and first year drink

There were a lot of people from different school years, this is of course, due the theme announcement of the Soil Drilling Championship. Their promotion film were they announced the theme was amazing. After the theme was announced, we could have a drink and chat with each other about in which costume they would go to the Soil Drilling Championship.

September 12th: Get to know Wageningen

The third activity for first years in one week, but that doesn't matter for some of the first years. Get to know Wageningen was organised by the Officers of Internal Contacts of Nitocra, Aktief Slip and Pyrus. This activity is to learn first years about Wageningen in a low back manner.

September 16th: MSc-diner

As each year, the board organised a master dinner for all first year master students. The food we served where all kind of stew or in Dutch 'stamppot' and of course a starter and dessert. I think it was a good evening where master students had the chance to get to know each other better.

September 17th: Tutor lunch

As each year, the board and especially Lotte, organised a lunch for first year bachelor students. During this lunch first years are able to ask questions to second year students, while you could eat a delicious hot dog (meat or veggie). The question can differ from study-related to how Wageningen works.

September 17th: Ski Trip Location Reveal

In February 2020 the first Ski Trip of Pyrus will be organised, to promote this Ski trip and announce their theme, the SkiCie organised a special evening for this. There were quite a lot of people and they were very enthusiastic about this Ski Trip. So that was good to see! I would like to thank Lotte Braat, Isa den Ouden, Aude Prummel, Noortje Oosterhoff and Gaël Kobessen for their effort and I wish you good luck with organisation of the Ski Trip.

September 18th: TransPyratCie Bunker Dodgeball

Dodgeball is something what we all know from our primary and high school. Now the TransPyratCie organised it for us. Maybe you think we are now too old to play this with this kind of enthusiasm, but it is the opposite. It was amazing and remarkable to see how long we played this amazing game.

September 19th: Chair group drink "a Fresh start of the new year!"

The start of the year was already three weeks ago, but you can always use a new one. Therefore the board organised the chair group drink in the theme "a Fresh start of the new year". It was a nice drink, with students and teacher, were you could have nice chat with.

September 23th – 29th: Lustrum week

A week with so many activities that I will not tell about every single activity, because of the time. That doesn't mean that it wasn't an amazing week. We started with the openings drink and almanac presentation. For making this beautiful almanac, I would like to thank Maud Siebers, Vera Smits, Zoë Page and Laura Pater.

The next day we had the Lustrum diner, cooked by the FoodCie. With a full belly we got to listen to a beautiful Open Mix and a little bit less beautiful Karaoke, but the Karaoke was still a big success! Then we had the Lustrum Symposium, with many good speakers and a big last speaker Willemijn Hobert. On Thursday it was time to have a big party, we started with a nice game evening and ended with a typical superhero themed Pyrus party in the Bunker. Some of us had a little hangover, therefore there was a nice hangover lunch. For all old Pyrus members, the LustrumCie organised an Almuni day. On Saturday it was time for the big event, Te Land ter Zee en in de Lucht. I think everybody who was there, really enjoyed the day! The last but not least activity was Pancake and Movie night. Which was a relaxed end of the Lustrum week. For this whole week I would like to thank Meike Traas, Bas van Splunter, Mirabel Vlaming, Rikke Stoffels, Quinty van Rees, Karin Miltenburg, Pim Göritzer and Wilfred Altena for their effort.

September 25th: MeeloopdagCie orientation day

The first orientation day of the academic year took place, organised by the MeeloopdagCie. Prospective students from all over the Netherlands came to Wageningen to get an impression of our lovely study Soil, Water, Atmosphere.

October 2nd: AkCie Pubquiz

In H41 the AkCie organised the Pubquiz, which was also a big success this year. The questions differ very much with each other, so everybody had a chance to shine. In the end there is always one group which knows the most and this year that was a group with the highest age average.

October 9th: Soil Drilling Championship 2019

It was time for, the biggest of events of the year for Pyrus organised by the GrondboorCie, the Soil Drilling Championship! With 750 students, 72 employees and about 60 volunteers participating, it was again an amazing evening. To see so many people trying to drill an auger of 1.20 meter as fast as possible into the ground, is unbelievable and amazing at the same time. I would like to thank Jonna van den Berg, Iris Verstappen, Vera Smits, Diederik 't Veld, Ruben Koppius and Roosmarijn Knol for their effort.

October 10th: Environmental science studies: Early HallowEen Drink

We were a week too early for a Halloween drink, but if you look close to the word HallowEen, you can detect OW (omgevingingswetenschappen in dutch). So we had to organise a drink in the theme Halloween. Besides a drink, there was also a pumpkin carving contest organised. The result was a nice evening, with beautiful pumpkins.

October 11th: Financial General Members Meeting

Finances are very important for Pyrus. Every year the financial GMM is organised to discuss the finances of the past year and to reveal the budget for the coming academic year. After the meeting everyone was up to date about our finances.

October 11th- 13th: First years weekend

Also this year we went to Someren for the first years weekend. On Saturday we played the chaos game with each other, after the lunch it was time of the committee round. In the night the very scary ghost walk through the forest was organised. I would like to thank Isa den Ouden, Vera ten Bruggecate, Aude Prummel, Manouk Geurts, Luce Creman and Zina Prinsen for their effort.

October 31st: Chair group drink "Hello, goodbye!"

The first Thursday of period two, the board organised a chair group drink. This time you could say 'hello' to the proposed new board and 'goodbye' to the old board members. Remarkable is that there were a lot of teachers of the chair groups.

October 31st: IntroductCie and FoodCie Halloween party

The last activity of the IntroductCie was a Halloween party in the Woeste. In cooperation with the

FoodCie, which supplied delicious snacks. It was a nice party where most people had beautiful costumes in the theme Halloween.

November 1st: Amazon Lunch lecture

The three environmental studies, which switched to English, organised a lunch lecture. Bart Kruijt told about the amazon, with the focus about also the policy in the Amazon. Since this a very hot topic, due to the many fires this year. It was really nice to see so many people witch where interested in this subject. I have to thank the Officers of Internal Contacts for organising this event.

November 5th: LexCie lunch lecture Arcadis

Due to a big audience even the room was too small, so many people where interested in the lunch lecture of Arcadis. Fortunately there was enough food. Three young employees of Arcadis told about Arcadis in a very interactive manner. They told about how it is to work by Arcadis and they also discussed a special case of one of the employees.

November 7th: AkCie “The sparks are flying”

The AkCie organised a typical activity for Pyrus, namely fire breathing! After a short explanation and some practice with water, we were ready for the real work. Al most everybody was willing to do it. The fire breathing did give a special feeling doing it. Moreover it was a nice challenge for the PaparazzCie to take nice pictures, but I believe in the end everybody had a nice picture of her/him fire breathing. What else do you want as Pyrus member?

Of course, there are some more committees who did not organize activities, but are still very important for Pyrus. We didn't forget you! Five times a year we all receive our beautiful magazine 'Het Vuurwerk'. Filled with news about our study and many more interesting articles to read. I would like to thank Hans Nienhuis, Maaïke Scholtemeijer, Mees Rademas, Leentje Ottink, Charlotte Engelmann, Andrea Kees, Femke Gramsma and Jasper Lammers for their effort! As study association it is important to keep track of all study related matters, for that we have our own OpCie. I would like thank Luuk van der Valk, Auke van der Woude, Rosan Halsema, Steven Heesterman, Philippe Schambergen for their effort! The other committee that is important for the quality of our study is the EvaluatCie. I want to thank Jip Koster, Jelle Boode, Marleen Ursem, Rosan van Halsema, Irene de Vries, Bart Vlemmix, Iris Verstappen, Maaïke de Boer, Andrea Kees, Femke Gramsma and Veerle Beijer for their effort! It is important to document our activities by taking pictures, for this we got an entire committee: The PaparazzCie! I want to thank Roosmarijn Knol, Bart Vlemmix, Judith Boekee, Hylke van der Wal, Brian Verhoeven, Tim Hoevenaars and Ida Haven for their effort! I would like to thank the KasCo for critically checking our finances. Thanks to Devin Beck and Henry Rommelse for their effort! What would Pyrus be without a website, luckily, we have the InternetCie. I would like to thank Devin Beck, Maarten van Pelt, Jord van Rossum and Duve Ribberink for their effort! The last committee that I would like to thank is the Committee of Advice for critically checking the board. I want to thank, Devin Beck, Luuk Bersee, Jip Koster, Jeroen van der Valk, Henry Rommelse, Yde Jansen, Maaïke Gaaff, Auke van der Woude, Maarten van Pelt, Kees Teuling, Mirabel Vlaming, Steven Heesterman, Rosan Halsema, Bart Vlemmix, Gijs Eijgenraam and Maaïke de Boer.
